Career objective

To be associated with a professionally managed organization for optimum use and further enhancement of my existing skills both for self-development as well as of the organization

Experience Summary:

- **9+ Years** of working experience in **IT Industry in** Software Development of client/server, multi-tier architecture and web-based and Windows applications
- Expertise in all stages in **Software Development Life Cycle (**Requirement Analysis, Design, Development, Integration, Testing and Support**)**
- Experience in **ASP.Net, Asp.Net MVC, C#.Net, SQL Server, AJAX, HTML, JavaScript, JQuery, ASP.Net Core**
- Worked extensively with **SQL Server Database** experience in **LINQ to Dataset**
- Knowledge in application versions control tools like **TFS**
- Possess good understanding and experience of **Web Services, WCF, Entity Framework, MVC**

Experience

- Worked as **Dot Net developer** at **Wipro** from October 2013 – Jan-2019
- Worked as a **Senior Software Engineer** at **Centillion Solutions and services** from **Jan-2019 to Jun-2019**
- Currently working as **Senior Software Engineer** with **Capgemini** since **Dec-2020 to till date**

<u>Projects with Capgemini</u>

1. **Project : Ucare**
   Team Size : 10+
   Technologies : .Net core 6.0 ASP.net, SQL Server, Angular 8 ,Web API , Azure Devops, LINQ , Git, WCF
   . Created Api's
   . Created new WCF service
   . Hosted service.
   . Added new method to a WCF Service
   . Deployed the WCF Service , and API's using CI/CD piplines.
   . Unit Testing of the application by creating test cases

2. **Project : LFAB(DT , UDP)**
   Team Size : 7
   Technologies : VB .Net , ASP.net , SQL Server , Web API , Azure Devops , .NetCore 6,LINQ, WCF , Angular 8

3. **Project** : **Follet (MTC)**
   Team Size : **4**
   Technologies : **VB Dot net, SQL Server 2019, Web API, Webservices, Azure DevOps, WCF**
   Description : **Master Title Catalogue(MTC),** is the data repository, system of truth for title publisher and associated metadata for over 23 Million managed and unmanaged titles available for purchase or rent**.**

4. **Project** : **Contour Diabetes Solution Cloud Application Development**
   Team Size : **6**
   Technologies : C#, WCF, MVC, Web API, ASP.NET, .NET Core, ENTITY FRAMEWORK, JSON, SQL SERVER, SSRS, Razor, OAUTH, HP Fortify, MKS tool for Code maintenance, JavaScript, jQuery, HTML/CSHTML, CSS, ASP.Net Core, angular 6

Projects in Centillion Solutions PVT LTD

5. **Project** : **JSW Data Entry**
   Team Size : 7
   Technologies : ASP.NET, C#, CSS, jQuery, ADO.NET, JavaScript, WCF
   RDMS : MS-SQL Server
   Company : Centillion solutions and services
   Client : **JSW**
   Description:

JSW Data Entry application is mainly used to enter the different type of invoices into the portal by retrieving the GRN data, from another SAP System by using the service. Each invoice is created with a unique barcode number. After entering the invoice data in the portal, data with the scanned copy of invoice will flow to eNFA system for the approval. Once the approval is done, the data and the newly appended images if any will be sending to the portal database and scanning server and then it is moving to the data cap for storing it in DMS of JSW. Next scanning data and RV2 business data will be uploaded into the system and based on that multiple reports are displaying like Daily scanning MIS report, Monthly Scanning consolidate report, RV2 date wise report, Rv2 summary report and barcode aging report etc.

Role and Responsibilities:

- Designing UI for Admin and End-user modules.
- Designing web forms using HTML, ASP.NET and CSS.
- Developing application logic using C#.
- Use of Stored Procedures and Views using SQL in SQL SERVER 2012,2014.
- Involved in Coding and Maintenance of the application.
- Provided end-to-end Business solution right from “User Requirements”,

- “Development”,” Deployment” and “Maintenance”.

6. **Project** : BCSP Business Tracker (Asset Mis)
   Team Size : 5
   Technologies : ASP.NET, C#, CSS, jQuery, ADO.NET, DevExpress, JavaScript
   RDMS : MS-SQL Server
   Company : Centillion solutions and services
   Client : **HDFC**

Description:

Business Tracker is a Banking Based system and mainly used to track the business of the HDFC bank like cattle Loan, Gold Contractor Loan, FD, RD and KGC etc... HDFC BC executives will get the business from customers and enter the business details into the system by uploading the relevant documents on daily basis. Once the customer details are entered in the system Team leader will be verify the details of customer and documents uploaded. Once the verification is done and successful then those cases will move to the sanction approval process. Sanction approval will be done by bank RM by entering the sanction amount and other details and once it is sanctioned successfully it will go for disbursement. And in disbursement amount will be deposited to the customer account. On the other side Targets for the BC executives will set in the system and based on the target achievement dashboards for state wise and BC wise performance will be displayed. Other reports are like Summary Report, Monthly Report and Daily sales Report where Team leads, and Regional Mangers Can track the business state.

Role and Responsibilities:

- Designing web forms using HTML, ASP.NET and CSS.
- Developing application logic using C#.
- Use of Stored Procedures and Views using SQL in SQL SERVER 2012,2014.
- Involved in Coding and Maintenance of the application.
- Provided end-to-end Business solution right from “User Requirements”, “Development”,” Deployment” and “Maintenance”.

7. **Project** : BCSP Attendance and Salary Calculation
   Team Size : 4.
   Technologies : ASP.NET, C#, CSS, jQuery, ADO.NET
   RDMS : MS-SQL Server
   Client : HDFC
   Description : This system is basically used to maintaining the details of BCSP executives who will work for HDFC bank for distributing their business. In this project we have different modules like master’s Entry, Attendance, Reports and Approval. It will start with entering all the masters data like users (Team leaders/Supervisors), states, districts, locations, Mobile BC Points and mapping of BC Executives with salary and account details to the location. And in attendance module, Team leader

will mark the attendance to the bc executives on daily basis and Based on the attendance of the executive's salary and incentives calculation will be done. In approval modules salary approval of the executives will done by the approver. We have different type of reports like Attendance summary report, location details report, Employee details report, salary report and Invoice Report etc. Feedback on how others perceive an employee A 360 evaluation focuses on subjective areas such as teamwork, character, and leadership effectiveness

Role and Responsibilities:

- Designing web forms using HTML, ASP.NET and CSS.
- Developing application logic using C#.
- Use of Stored Procedures and Views using SQL in SQL SERVER 2012,2014.
- Involved in Coding and Maintenance of the application.
- Provided end-to-end Business solution right from "User Requirements", "Development"," Deployment" and "Maintenance".

Projects from Wipro:

Project 1:

- Client : Digital Small Company Insurance
- Domain : Insurance
- Duration : Mar 2018 to Dec-2019
- Team Size : 7
- Technologies : ASP.NET MVC, C#.NET, Web Services, HTML, JavaScript JQuery, IIS

JIRA, GIT, Docker, Slack, Postman.

- Role : Developer

Project 2:

- Client : Aviva
- Title : AVI-MD-PLATFORMTEAM
- Domain : Insurance
- Duration : Jun 2017 to Feb 2018
- Team Size : 10
- Technologies : Asp dot net, C#, SQL, Cloud Computing, Windows services
- Role : Developer.

Project 3:

- Client : Wipro
- Title : Vendor Portal
- Domain : Procurement.
- Duration : Jan 2015 to Aug 2016
- Team Size : 6
- Technologies : ASP.NET, ADO.NET, C#.NET, Web Services, HTML5, CSS, JavaScript,

JQuery, WCF, TFS, Azure, Oracle 11g, LINQ, IIS

- Role : Developer

Project 4:

- Client : RR Donley & Sons
- Title : SER-RD &-MD-XBRL
- Duration : Oct 2014 to Dec 2014
- Team Size : 5
- Technologies : Postscript, XML
- Role : Support

Project 5:

- Client : Zurich Insurance
- Title : IGP Swiss BUILDPHASE1
- Domain : Insurance.
- Duration : March 2014 to September 2014
- Team Size : 5
- Technologies : ASP.NET, ADO.NET, C#.NET, HTML5, CSS, JavaScript, JQuery, WCF, TFS, SharePoint, Oracle 11g, LINQ, IIS
- Role : Developer

Project 6:

- Title : Online Home loan Processing
- Domain : Banking
- Duration : November 2013 to February 2014
- Team Size : 2
- Technologies : ASP.NET, ADO.NET, C#.NET, JavaScript, SQL
- Role : Developer

Major Roles and Responsibilities:

• Requirement gathering, analysis and Design specification (Agile Methodology), Module Developments,
• Coding, Unit testing, delivery and maintenance
•Written Stored Procedures using Oracle
• Created tables and extracted Data from Database using joins
•Code optimization and bug fixing.
•Working on several enhancements and defect fixes in the Areas of ASP.NET, MSSQL,
•Worked on new application designing and development of web projects.
•Assure ownership of code throughout development life cycle.
•Was an acting team lead heading the standup meetings for task management with team

Education

- MS Computer software engineering from BITS Pilani
- Completed **Bachelor of Computer Application (BCA)** with **73.78%** during 2010 to 2013
- **PU from Karnataka State secondary board of education with 53%.**
- **SSLC from KSEEB Bangalore with 72%.**

TECHNICAL SKILLS

- Programming Languages : C, C#
- Services : Web Service
- Web Tools : HTML, CSS
- Server Side Programming : ASP .Net, WCF , MVC , Web Api

- Data Access Technologies : ADO.NET, LINQ
- Scripting Language : JavaScript, JQuery
- Web Server : IIS 6.0
- Development Tools : Visual Studio.NET 2008/2010/2013/2015
- Architecture Used : 3-Tire Architecture, MVC
- DBMS Package : SQL Server 2008 R2, Oracle 11g
- Tools : SQL Developer
- Operating Systems : Windows, Unix
- Packages : MS-Office

Training Programmes,

Have undergone 6 months of Training for Java/J2ee.

Attended Training for Block chain application integration in Wipro

PERSONAL DETAILS

- Father's Name : P Sundar rajan
- Permanent Address : 111/1, 5th main road.
  Chamrajpet, Bangalore-560018
- Date of Birth : 16-September-1992
- Language Known : English, Kannada, Tamil & Hindi.
- Marital Status : Married
- Nationality : Indian

DECLARATION

I do hereby declare that the above information is true to the best of my knowledge.

Place: BANGALORE SUHASINI PS.
